

# High Performing Teams

X4 Service Offering:

## Why:

To answer the question: “What does operating as a high performing team look like in my organisation?”

A high performing team is aligned, focussed and working together to meet your business goals.

## What's involved:

- We work with your team, to understand “what good looks like for your organisation. We use several tools and techniques to facilitate discussion on the challenges that the team is facing and how these can be addressed.
- We provide you with a road map setting out a clear plan to deliver sustained high performance from your team.

## Result:

- We have seen significantly improved team engagement and ownership of their domains.
- Teams have a agreed understanding of what high performance for them is, practical steps on how achieve that and how to measure how they are doing.

## Deliverables:

- The half-day workshop provides a view on ‘What does good look like’ in your team’s context.
- A playback session confirming the team’s decision on what “good” looks like and a roadmap on how you’ll get there.
